Subject: ISACA: Medium Chapter Retention Award - Honorable Mention

Dear Peter,

The ISACA International Chapter Support Committee recognizes the vital role chapters play in membership retention. ISACA's Chapter Support Committee is recognizing top contenders for the Chapter Retention Award, in addition to the winner. We are so pleased to recognize the [Slovenia](#) Chapter with honorable mention in your size category for chapter retention with a retention rate of [89.6%](#) in 2015. You should be very proud of the hard work your chapter has put forth in order to earn this distinction.

Honorable mentions are given to chapters who did not win the Chapter Retention award, however, still had a high percentage retention. As information, the winner in your size category for the highest chapter retention for 2015 was granted to the Central Arkansas Chapter. Our congratulations go out both to the winners and to those achieving this prestigious honorable mention.

Please find the attached honorable mention seal for your chapter. You can scale the seal down as needed and have it placed on your chapter's web site.

Please accept our congratulations on a job very well done by your chapter board and your active members who have no doubt contributed significantly to this achievement. Best wishes for another successful year in 2016.

Thank you.

Summer Cole
